

GEO 503 Final Project [WORKING SITE]

GEO 503 Final Project | Fall 2018

David N. Karp (dnkarp@buffalo.edu)

Project Proposal

Problem Statement

To analyze the characteristic and spatial distribution of Low-income Communities (LICs) (8700 census tracts) recently designated as “Opportunity Zones” (OZones), in order to assess selection criteria, investment potential, and relative ‘need’ within local and regional contexts.

First Draft[<https://adamwilsonlabedu.github.io/geo503-2018-finalproject-dnkarp/draft.html>]
